Take the Load Off Your Lighting Bill

Switch to LED Lights Because

A single LED fixture can last 5-10 years and save \$300-400 in energy costs over its lifespan.

Switching to an LED light from a single 400 W metal halide fixture can save \$125 in energy costs per year.

Custom Incentives to Make It Easier for You

If you have a lighting project that is not a one-for-one replacement or does not have technology listed on the application, we offer Custom Incentives for you! Our Custom Incentives require program pre-approval.

Let's Get Started!

Reach out to IKIO team at (1) 844-533-4546 or info@ikioledlighting.com to start the process.
