

DYNAMO 4 PRO

STADIUM FLOOD LIGHT (POWER SELECTABLE)

IKIO's Dynamo 4 Pro Stadium Flood Light comes with power selectability, allowing you to control light output as per your unique project needs. Its advanced cooling system ensures efficient heat dissipation, while 3.4 ft² EPA-rated build minimizes wind resistance, enabling sustained operation even in demanding environments. Whether for a high-stakes game or a local community event, this stadium light guarantees optimal visibility and an enhanced spectator experience.

Applications: Stadiums and Sports Venues, Outdoor Advertising, Gymnasiums, Plazas, Airports, Courtyards, Public Areas, Ports

FEATURES

- **Power selectability (750W-1000W-1200W)** allows you to tailor lighting levels, providing flexibility in applications.
- **Delivers up to 165600lm** for powerful and uniform lighting across large arenas.
- **3.4 ft² EPA** minimizes wind resistance, reducing stress on the fixture and adding stability.
- Equipped with **6kV + 10kV surge protection** as standard, with an available upgrade to 20kV for greater reliability during fluctuations.
- **With an IP65 rating**, the luminaire is built for durable performance in wet locations.
- **0-10V dimming capability** offers precise control over light intensity for desired brightness.
- **Compatible with DMX control**, allowing dynamic behaviors such as color-changing, grouping, scheduling, and remote operation.
- **Visor and laser** pointer options available.

Note: Warranty and Qualifications can vary per item, see technical data sheets (TDS) for specific information. • Not all product variations listed are DLC® qualified. Visit www.designlights.org/search to confirm qualification. • Published lumens on LED products are approximate and may vary slightly. • Specifications are subject to change without notice. • Photos and drawings may not be to scale and are for general reference only.
