

SPELTA CORN BULB

INDUSTRIAL LIGHTING | RETROFIT LAMPS

PRODUCT DETAILS

The IKIO Spelta Corn Bulb is designed for direct replacement of existing CFL and HID lamps. These lamps are offered in a variety of color temperatures for flexibility in all types of applications. Available options of frosted and clear lens allow for an evenly illuminated glow, resembling traditional bulbs.

FEATURES

- **Exceptional efficacy** (120 lm/W).
- Low energy consumption as compared to traditional bulbs, which makes them environment friendly.
- Even light distribution due to its 360° optical design.
- **Protection from high voltage surge - 6 kV.**
- Superior hollow heat sink for much improved heat management.
- Exceptional lumen output and lighting quality.
- **Premium design** comes with silicone gaskets.

APPLICATIONS

Outside Lights Walkways
Lamps Parking Lots
Street Lights Highway Lights

WARRANTY & QUALIFICATIONS*
